

BORN ENTRY-EASE

The Entry-Ease changes the edge of a manhole into a smooth surface that a person or stretcher can slide over. It fits entries as small as 18 inches (46 cm) in diameter and also works on railings, pipes, ladder rungs, or other surfaces with high friction or that may damage a lifeline. The stainless steel Entry-Ease may be your only option in a location with low overhead clearance.

PRODUCT WEIGHT

4.4 LB (2 KG)

COLOR
